In 2010 we started Bander Saad Alrashedy Establishment with a main focus on the economic boom of KSA during that period through creating a professional company capable of executing all General and Specialized Construction projects. Since the beginning of this year, the idea of entering the field of security and safety started to grow in Bander Saad Alrashedy. Establishment in a completely professional way, until TRADIX'S entity started and became a part of AL Anzy's Group, a specialized company in supplying everything related to the firefighting systems.

Since the establishment of TRADIX limited we were aware that diversity is the key success factor for sustainable growth, we invested in the latest technologies, build a platform of industries. And most importantly we focused on recruitment and training of qualified personnel. After ... years of success and great achievement and despite the wide expansion in our scope of work to include all construction works from scratch until complete finishing.

Mohammed Abdulmajeed

ABOUT TRADIX

Through the years Bander Saad Alrashedy Establishment 100% Saudi owned, had grown and earned its niche in the construction and MEP works. Since we started Bander Saad Alrashedy Establishment we know our clients value and places them in the heart of our business.

we had completed more than 40 projects with 20 on-going projects the numbers can speak a lot about the quality of work we do and the trust and confidence bestowed to us by our clients.

"WE DELIVER CUSTOM FIT-OUT SOLUTIONS WITH A FOCUS ON EXCEPTIONAL QUALITY AND CLIENT SATISFACTION AT EVERY STEP"

OUR VISION

Our vision is to be the leading firm in the field of General Construction, Specialized Construction and trading field by expanding our customers base developing our personnel, and remaining abreast of the most and recent innovative local and international industry related developments.

OUR MISSION

Our mission is to stay at the forefront of the latest techniques and equipment, ensuring that TRADIX meets world-class standards. We are committed to consistently delivering high-quality, cost-effective, and innovative work while considering the environmental, social, and economic impacts of every project.

QUALITY POLICY

01

We work closely with all our clients to ensure their expectations and requirements are fully met, aiming for complete satisfaction with our services. Our commitment extends to adhering to all industry standards and local regulations.

02

We strictly comply with all industry standards and legal regulations.

03

We ensure continual improvement by regularly measuring performance, conducting evaluations, and performing reviews.

04

We ensure that our entire staff is available and fully competent before committing to any project.

05

We clearly communicate our company policies to all stakeholders, clients, and interested parties to ensure continued adherence to our quality standards.

06

We maintain an effective management system to uphold high standards and enhance the reputation of our company, as well as those of our clients and stakeholders.

07

We strive to employ the best methodologies in all our activities.

OUR FACILITY

1

TRAINING FACILITY

Our training facility enables us to train technicians in installing and supervising complex installations. We maintain a stock of materials for approximately 100 days, ensuring that we are not reliant on manufacturers for timely delivery. This helps us avoid stockouts and stay on schedule with project timelines.

2

ENGINEERING DEPARTMENT

Our engineering department is tasked with achieving objectives through a series of processes, while considering resource constraints. They manage both the technical and financial aspects of projects, taking market conditions into account to provide clients with the best possible price.

3

TRADING UNIT

Resources are efficiently utilized through the timely procurement of materials and equipment, in line with the prescribed schedule and plan. Manpower is allocated based on the specific activities required.

COMPANY ACTIVITIES

TRADIX is a specialist contractor focused on providing fit-out services. Our expertise includes fit-out finishing activities such as gypsum work, decorative ceiling and wall panels, flooring solutions, metal work, plumbing, electrical foundations, and final touch-up accessories. Our team of engineers and technicians brings years of experience and a proven track record of successfully completing projects with leading companies. We guarantee peace of mind and superior quality services for the following.

FIT-OUT SERVICES

At TRADIX, we expertly manage fit-out projects from concept design through to installation, working closely with our partner “Atlantis” to deliver a complete package of stylish and tailored spaces on time.

METAL WORKS

We provide custom metal manufacturing in-house, producing a range of items such as high-end furniture, outdoor settings, metal shades, industrial racks, and customized metal products.

TRADIX
